

Laurel Mountain Elementary
Enrichment Cluster - Fall 2008
Grades 4-5 Parent Feedback Form
RESULTS

From October 17 to December 12, 2008, we conducted nineteen different fourth and fifth grade Enrichment Clusters over a period of eight weeks for 267 students. As part of our efforts to evaluate the success of this program, we asked for all fourth and fifth grade parents to give feedback in a survey that was sent in the Monday folder in January 2009. Ninety-two surveys, or 34%, were returned and tallied. We would like to share the results with our parents, teachers and community. Thank you to the parents who took the time to complete and return the survey. We appreciate your efforts since this data is important feedback that we use to help make SEM better at Laurel Mountain.
