

Laurel Mountain Elementary
 Enrichment Cluster - Fall 2008
 Grades 4-5 Student Feedback Form
RESULTS

From October 17 to December 12, 2008, we conducted nineteen different fourth and fifth grade Enrichment Clusters over a period of eight weeks for 268 students. As part of our efforts to evaluate the success of this program, we asked for the fourth and fifth grade students to give their feedback in a survey that was given at the end of clusters. Two hundred forty-two, or 90%, were returned and tallied. We would like to share the results with the campus, parents and community.

	Strongly Disagree ☹☹	Disagree ☹	Don't know ?	Agree ☺	Strongly Agree ☺☺
I liked my cluster. My cluster was interesting.	1%	5%	9%	36%	49%
I learned something new in my cluster.	2%	7%	12%	44%	35%
I worked hard to do my best in my cluster.	0%	1%	7%	34%	59%
I liked the projects I worked on in my cluster.	2%	7%	10%	21%	60%
I liked sharing my cluster product or service during the Enrichment Cluster Showcase.	5%	12%	27%	34%	22%
